salmon
#3 11/5/10 10:30-12:30
State of Wyoming - Strong training program
contributes to success of system due to
service received for product - Advantage
10,000 EE's Biennium Budget of 6 Billion
use since 1989/2004 3 web based 1000 financial users 200 HR
Built for government, high user acceptance
Help desk - support in house and w/ CGI
Many interfaces within government internal/external
- Showed Tables and how to look things up - budget/docs
★ financial - Vendor has to be set up - can use misc vendor
Document catalog - create - enter vendor and
accounting info - save, validate, submit - sends
History - up to 251 for approval - certification
can reject back to inputters work list - can be group instead of individual
★ Procurement req header, vendor, accounting
any doc can go to workflow - ~~[illegible]~~ send to
procurement to issue PO
Copy forward - takes info from Req except vendor
Submit to purchasing - Approval
Batch print PO's or individually
Receive item - can make it optional - override
Copy forward - Pay for Order
★ HR/Payroll - Activity folders
