Re: Pay Raises

I am opposed to any pay raises within the State of Alaska government offices (governor, legislators, Dept. heads. at this time.

This is a time for our state to be frugal and to be sensitive to the needs of the population. Many people have lost their jobs, many more will lose theirs, many jobs have been reduced to fewer hours a week including mine. I now work a 3 day week instead of 5.

Please reconsider and postpone any raises until our economy stabilizes.
