Members of the Legislature:

The report of compensation and travel expenses for calendar year 2006 has been compiled by the Department of Administration, Division of Finance. This report is prepared in accordance with Alaska Statute 37.05.210. It includes salaries and other compensation such as leave cash-in amounts and salary adjustments, as well as travel and relocation expenses paid to the following: the governor, lieutenant governor, and their chiefs of staff; the president and vice-presidents of the University of Alaska and the chancellors of the individual campuses of the university; the commissioners or other executive heads of the principal departments in the executive branch, and the deputy commissioners and division directors in those departments; and the executive heads of public corporations created by law. This year's report also includes compensation and travel data for department assistant commissioners at the request of Governor Sarah Palin.

This report is no longer published in a hardcopy format, it is available in an electronic (PDF) format at the Division of Finance's website [http://fin.admin.state.ak.us/dof/financial\\_reports/ctep\\_toc.jsp](http://fin.admin.state.ak.us/dof/financial_reports/ctep_toc.jsp). This change in format was implemented based on a recommendation made by the department's Senate Finance Budget Subcommittee in 2003.

We would like to acknowledge the efforts of each state agency, and thank them for their assistance in preparing the schedules presented in this report. We are interested in making this report as useful as possible.
