Certificate of Self-Insurance

Re: Liability Insurance Coverage for Alaska State Owned Vehicles

To Whom It May Concern:

This notice shall serve as verification that the State of Alaska provides automobile liability insurance protection for all State-owned vehicles and employee drivers of such vehicles, including while traveling through the Sovereign Dominion of Canada.

The State of Alaska provides this coverage through the State's Self-Insurance Program as authorized under AS 37.05.287. The State of Alaska and its agencies are covered for property and liability exposures through major worldwide insurance programs with large self-insured retentions and high excess limits appropriate for meeting the risk levels required by the State. Losses that fall within these self-insured (deductible) levels, including those for which we are contractually liable, are covered by the financial resources of the State and are administered under the self-insured claims program handled by this office.

Any inquiries should be addressed to this office at the address listed above, or you may phone (907) 465-5724 for additional information. Thank you for your courtesy and attention to this matter.

Sincerely,

Sheri Gray
Risk Manager
