RDU/Component: Risk Management

(There is only one component in this RDU. To reduce duplicate information, we did not print a separate RDU section.)

Contribution to Department's Mission

Mitigate state's risk of financial loss (cost of risk) from accidental loss and injury.

Core Services

• Claims processing, litigation management, contract review, insurance administration and consulting.

Major Component Accomplishments in 2012

- Negotiated a flat premium for FY2013 excess property insurance in a difficult market atmosphere.
- Underwrite marine employee safety response, vessel safety inspections, and safety signage aboard the Alaska Marine Highway System (AMHS) ferry vessels.
- Worked with the Department of Transportation (DOT) Fleet Services to research the advantages of installing DriveCam devices in State DOT vehicles as a test project.
- Continued training leasing/contract officers on indemnity terms; insurance requirements; and acceptable certificates of insurance.
- Assisted DOT in obtaining a casualty insurance policy to cover all rural airport maintenance contractors.
- Assisted the Alaska Industrial Development and Export Authority (AIDEA) in obtaining a comprehensive insurance program for the Project Endeavour jack up oil rig.

Key Component Challenges

Increased Costs – The division will face a 20%-25% increase in excess insurance for property coverage. In May 2012 we met with our brokers and underwriters to develop a program, whereby we did not see an increase in premiums or a reduction in excess limits; therefore, our premium for FY2013 remained relatively flat for excess property coverage. Marine coverage saw a slight increase due to the worldwide market impacts of recent marine disasters, such as cruise liner Costa Concordia and a Russian drilling rig.

Worker's Compensation - Risk Management continues to seek ways of reducing workers compensation costs. Workers Compensation is approximately 85% of Risk Management's budget with medical costs continuing to increase. Currently, the new fee schedule adopted by the Alaska Workers Compensation Board has a potential to increase our medical expenses by 46%. We will continue to pursue light duty and Return to Work programs with all agencies.

Contractor Liability - We have noticed a marked increase in the requests from contractors to limit their liability exposures in State contracts. We are working with state contracting officers to continue to protect the interests of the state, but not be so restrictive as to limit the potential bidders on these contracts. This is accomplished by reviewing each individual contract and its risks presented to us, and tailoring the final terms to the unique activity of that agreement.

Significant Changes in Results to be Delivered in FY2014

Budget Increase Request - Over the past 4 years (FY2009-FY2012) Risk Management has seen a dramatic increase in excess property insurance premiums (66%), medical costs for workers compensation (56%), and litigation costs (22%). There has been no indication these costs will be going down, much to the contrary, we have been advised by our brokers that property premiums will continue to rise due to recent worldwide disasters. Workers compensation medical costs are expected to increase dramatically with the new fee schedule adopted by the Alaska Workers' Compensation Board (HB13) along with the Department of Law's Tort Section's annual increase of 4-5%.

Risk Management has exceeded its budget authorization each year from FY2009 through FY2012. To offset that, the Catastrophe Fund has needed to be used to supplement the increased claims costs. Therefore, Risk Management is

seeking a \$4,224,200 increase to help offset the rising costs. If the increase is approved, the increase will allow the division to maintain a good balance between self-insured and excess insurance, as well as meet the rising medical and legal costs projected in the next few years. This balance will also allow us to use the "Cat Fund" for large or catastrophic losses as it was intended, and not resorting to the Department of Law's judgment bill for large settlements.

Statutory and Regulatory Authority
