

# BODY ARMOR

NASPO ValuePoint leverages the buying power of all 50 states to offer exceptional pricing for participating states and their political subdivisions. Alaska is an active member of NASPO ValuePoint. In order to use a contract, the state must sign a Participating Addendum (PA).

NASPO ValuePoint has established the following non-mandatory contracts with providers of Body Armor. The contracts offer a wide range of Body Armor and include a variety of fitting services including vests, helmets, shields, and accessories.

Orders are placed with the authorized Alaska Distributor, or direct if no distributors are listed, for each brand that has been awarded. PA's have been signed with all listed contractors:
