

FAX MACHINE CONTRACTS

NON-MANDATORY FOR STATE AGENCIES

NON-MANDATORY FOR POLITICAL SUBDIVISIONS

Term: Month-to-Month
Renewals Remaining: None

This award represents multiple contracts for purchasing fax machines in five separate regions around Alaska. The regions are subdivided into three distinct groups with two fax machines each group. The number of available features is the distinguishing characteristic between the three groups.

Location	Vendor	Contract Number	Phone Number

MACHINE SPECIFICATIONS

These are minimum specification only. Fax machines offered in these contracts may exceed many of these specifications and have many other features and functions that are not listed below. All Fax machines in all groups must provide the following minimum features, functions and capabilities:

- Transmit Terminal Identification capability,
- Remote Terminal Identification capability,
- Automatic stepdown/fallback for modem speed,
- Standard MH, MR, MMR or JBIG data compressing coding,
- Automatic document feed with 8.5 inch document throat and 8.2 inch document scan minimum
- On-site capability for adjustment for the number of re-tries and the interval between retries,
- Quick dial (one touch) and speed dial capability,

- Dual access,
- Manual and automatic contrast controller for enhancement,
- Printable transaction/confirmation report,
- Ability to work on a public switched telephone network,
- Automatic legal to letter size reduction for incoming transmissions so that if 8.5 x 14 recording paper is not available, the machine will automatically reduce the received copy onto one page or print onto 2 pieces of letter size paper,
- Ability to transmit any generic cut sheet 20# plain paper (new or recycled),
- Resolution capabilities of standard, fine and superfine.
