

INSTRUCTIONS FOR PRINTING APPLICATIONS REQUIRED FOR A COMMERCIAL DRIVER LICENSE

In order to be accepted by the Division of Motor Vehicles (DMV), Form 415 and Form 413 must be printed on two pieces of paper. As the forms are four pages, this means that you must print page 1 and then print page 2 on the back of the same piece of paper. Page 3 and page 4 must be printed on the same piece of paper.

When you are ready to print, make sure your cursor is on the first page of the form. Click on the following:

- ✓ File
- ✓ Print
- ✓ Current Page
- ✓ OK

After the page is printed, make sure your cursor is on the second page of the form. Repeat the instructions above until all four pages are printed on two pieces of paper.

Be sure to reload the paper properly to print the information on the other side.
