Staci,

Two additional questions, in sections:

1. ID numbers 1525 – 1531
2. ID numbers 1550 - 1557

In requirement area Financial, requirement subcategory Manufacturing: it is requested for item costing and sales. Can you give me an example on what the State is producing and selling?

2. In requirement area Financial, requirement subcategory Marketing/Sales/Retail: it appears like this is selling surplus items and assets. Does the State manufacture and sale additional items on the retail market?

Hi, you are receiving this email because you have previously expressed interest in the State of Alaska's Administrative Systems Replacement Project. Yesterday you received notification of the State's RFP for the project. I have not received an email back from you to register with me as an interested party, and as such, if I don't receive confirmation from you that you want to register as an interested party, I will remove you from the distribution list and you will no longer receive updates. If you wish to register with me and continue to receive updates, please respond to this email by 5:00 pm, Alaska Time tomorrow, Thursday, August 5, 2010.

**Subject:** RE: Action Required!

Staci,

Just a couple of observations from our team regarding the RFP:

1) There are duplicate questions in the technical portion of the RFP, and I have listed the question numbers below. You asked many questions twice in this section. I'm guessing you may have already discovered this and will send out a new document. The examples are below.

Here are the easy ones that are 'near' each other. There are others that are duplicates that are mixed throughout the tech section:

5036 = 5037  
5111 = 5138  
5236 = 5237  
5239 = 5240  
5241 = 5242  
5249 = 5250  
5254 = 5255  
5256 = 5257  
5293 = 5294  
5295 = 5296  
5298 = 5299  
5304 = 5405

2) Also in section 5305 - System shall provide the ability to install all security patches in compliance with State Security Policies. Can we have a copy of the State Security Policies to view the State's policies regarding installing patches?

We will have additional questions and observations next week.

Thanks,  
Ken.

**Subject:** FW: Questions for State of Alaska RFP 2010-0200-9388 per Section 1.08

Hello Staci,

1. Per Attachment B, page B5 and B6, does the state require original reference Evaluator signature or is electronic reference Evaluator signature acceptable?
2. Could the State please provide a deadline for submission of clarification questions or is the deadline noted in section 1.07 (10 days prior to the deadline for receipt of proposals)?
3. Can the State please provide additional clarity for section 1.10- Alternate Proposals. If the Offeror plans to submit an alternate proposal (a traditional license model proposal as well as a hosted model proposal), is the Offeror required to submit complete proposals (Exhibit A-F) for each proposal?
4. Could the State please confirm that the Sample Systems Configuration document requested in Exhibit D2 should be attached immediately behind the Exhibit D2 form?
5. Can an additional deliverable row for 'Other Deliverables' be added to the 27 Deliverable listed in Exhibit D4 as is included in Exhibit E, Table E?
6. Should the subcontractor's written statement mentioned in Exhibit A1 be attached immediately behind Exhibit A1, or behind Exhibit A4, or in some other location in the response?
7. In the instructions to Attachment E, Table A-Application Software Costs, there is a reference to Tab 4. Should this reference be Table I?
8. On which form does the subcontractor information requested in RFP section 1.14 belong?
9. Where in the proposal response should the Supplemental Response Document referenced in Exhibit A4 be included?

Thank you,

Yes, do you want me to change your participation from onsite to teleconference? I plan to send the teleconference information only to those people who have registered with me, as we are limited to the number of lines for participation and need to carefully monitor the usage. If there will be more than one location dialing in, I will need additional email addresses for those people. We do have a GoToMeeting scheduled, again, the participation information will be emailed directly to participants.

Staci

I have 5 people on my team here at Lawson that would like to participate via the teleconference / Go To Meeting for the Best Value Education if space is available. Unfortunately they will be logging in from different locations so each will need participation information. The list below includes names and e-mail addresses please let me know if you need additional information.

Sandy Hinkley [sandy.hinkley@lawson.com](mailto:sandy.hinkley@lawson.com)  
Leo Schultz [leo.schultz@lawson.com](mailto:leo.schultz@lawson.com)  
Debra Donald [debra.donald@lawson.com](mailto:debra.donald@lawson.com)  
Eric Lien [eric.lien@lawson.com](mailto:eric.lien@lawson.com)  
Bart Green [bart.green@lawson.com](mailto:bart.green@lawson.com)

I will still be attending in person.

Thanks  
Jeremy

Yes, do you want me to change your participation from onsite to teleconference? I plan to send the teleconference information only to those people who have registered with me, as we are limited to the number of lines for participation and need to carefully monitor the usage. If there will be more than one location dialing in, I will need additional email addresses for those people. We do have a GoToMeeting scheduled, again, the participation information will be emailed directly to participants.

Please also note that yesterday, August 4, the State added a note to the online posting listed above that addresses document extension issues that some people were experiencing. Specifically, the note reads:

*8/4/10 – The attachments to RFP 2010-0200-9388 included Microsoft Word (Exhibits A-D and identifiable by the “.docx” extension) and Excel 2007 (Exhibits E and F and identifiable by the “.xlsx” extension) documents that have been difficult to open while using Internet Explorer as the web browser. People using Firefox have not had this problem. One work around is to save the file and change the extension when you save the file from “.zip” to “.doc” and then open the file.*

*Duplicate Word and Excel 2003-2007 documents have been added to the Attachments list above for those having problems opening the previously posted documents.*

This email and any files transmitted with it are confidential and intended solely for 'Augustus, Staci A (DOA)', Routh, Roger. Hi, you are receiving this email because you have previously expressed interest in the State of Alaska's Administrative Systems Replacement Project. Yesterday you received notification of the State's RFP for the project. I have not received an email back from you to register with me as an interested party, and as such, if I don't receive confirmation from you that you want to register as an interested party, I will remove you from the distribution list and you will no longer receive updates. If you wish to register with me and continue to receive updates, please respond to this email by 5:00 pm, Alaska Time tomorrow, Thursday, August 5, 2010.

I will need all of the participants' email addresses for registration. Also, if they are calling in from different locations, I'll need to know that so that we can assure that we have adequate teleconference lines available. I will provide the teleconference logistics on Thursday of this week. And yes, we do plan on having a teleconference bridge for the best value session in the morning.

**Follow Up Flag:** Follow up  
**Flag Status:** Flagged

Hi Ms. Augustus,

Below are additional MAXIMUS questions that we would like to ask in reference to RFP 2010-0200-9388.

1. If the system implementer documents personnel for the following positions, does that accomplish the minimum requirement for Attachment D?

Project Manager, Technical Lead, Functional Lead - HCM, Functional Lead - Finance/Procurement, and Business Process Reengineering Lead

2. Does the State of Alaska have a preferred hardware vendor? Reference Section 5.02 of the RFP

3. Even though it is not listed in Section 1.10 of the Proposal, the assumption is that MAXIMUS is not precluded from submitting a proposal where the State purchases the software, but the software is hosted on the vendor's hardware.

4. What does the 30 - 35 million dollar budget documented in 1.04 include? For instance, does it include software and hardware purchase along with 10 years of support?

Thanks,

Rob

Please also note that yesterday, August 4, the State added a note to the online posting listed above that addresses document extension issues that some people were experiencing. Specifically, the note reads:

*8/4/10 – The attachments to RFP 2010-0200-9388 included Microsoft Word (Exhibits A-D and identifiable by the “.docx” extension) and Excel 2007 (Exhibits E and F and identifiable by the “.xlsx” extension) documents that have been difficult to open while using Internet Explorer as the web browser. People using Firefox have not had this problem. One work around is to save the file and change the extension when you save the file from “.zip” to “.doc” and then open the file.*

*Duplicate Word and Excel 2003-2007 documents have been added to the Attachments list above for those having problems opening the previously posted documents.*

Hi, you are receiving this email because you have previously expressed interest in the State of Alaska's Administrative Systems Replacement Project. Yesterday you received notification of the State's RFP for the project. I have not received an email back from you to register with me as an interested party, and as such, if I don't receive confirmation from you that you want to register as an interested party, I will remove you from the distribution list and you will no longer receive updates. If you wish to register with me and continue to receive updates, please respond to this email by 5:00 pm, Alaska Time tomorrow, Thursday, August 5, 2010.

Dear Staci,

Am I correctly reading that you have already contracted for a time and attendance solution and time and attendance is not part of RFP 2010-0200-9388?

Yes, do you want me to change your participation from onsite to teleconference? I plan to send the teleconference information only to those people who have registered with me, as we are limited to the number of lines for participation and need to carefully monitor the usage. If there will be more than one location dialing in, I will need additional email addresses for those people. We do have a GoToMeeting scheduled, again, the participation information will be emailed directly to participants.

I will need all of the participants' email addresses for registration. Also, if they are calling in from different locations, I'll need to know that so that we can assure that we have adequate teleconference lines available. I will provide the teleconference logistics on Thursday of this week. And yes, we do plan on having a teleconference bridge for the best value session in the morning.

Yes, do you want me to change your participation from onsite to teleconference? I plan to send the teleconference information only to those people who have registered with me, as we are limited to the number of lines for participation and need to carefully monitor the usage. If there will be more than one location dialing in, I will need additional email addresses for those people. We do have a GoToMeeting scheduled, again, the participation information will be emailed directly to participants.

This is to notify you, a registered interested party, that Amendment One to the State of Alaska's Statewide Administrative Systems Replacement Project RFP has been issued. In addition to it being attached to this email, you may also view it online at:

<http://notes3.state.ak.us/pn/pubnotic.nsf/cc52605f7c156e7a8925672a0060a91b/d6483c3dba9cad1889257774000af210?OpenDocument>

Please also note that yesterday, August 4, the State added a note to the online posting listed above that addresses document extension issues that some people were experiencing. Specifically, the note reads:

*8/4/10 – The attachments to RFP 2010-0200-9388 included Microsoft Word (Exhibits A-D and identifiable by the ".docx" extension) and Excel 2007 (Exhibits E and F and identifiable by the ".xlsx" extension) documents that have been difficult to open while using Internet Explorer as the web browser. People using Firefox have not had this problem. One work around is to save the file and change the extension when you save the file from ".zip" to ".doc" and then open the file.*

*Duplicate Word and Excel 2003-2007 documents have been added to the Attachments list above for those having problems opening the previously posted documents.*

Hi, you are receiving this email because you have previously expressed interest in the State of Alaska's Administrative Systems Replacement Project. Yesterday you received notification of the State's RFP for the project. I have not received an email back from you to register with me as an interested party, and as such, if I don't receive confirmation from you that you want to register as an interested party, I will remove you from the distribution list and you will no longer receive updates. If you wish to register with me and continue to receive updates, please respond to this email by 5:00 pm, Alaska Time tomorrow, Thursday, August 5, 2010.

Dear Staci,

Am I correctly reading that you have already contracted for a time and attendance solution and time and attendance is not part of RFP 2010-0200-9388?

**Subject:** Amendment One to RFP 2010-0200-9388 Issued  
**Importance:** High

This is to notify you, a registered interested party, that Amendment One to the State of Alaska's Statewide Administrative Systems Replacement Project RFP has been issued. In addition to it being attached to this email, you may also view it online at:

<http://notes3.state.ak.us/pn/pubnotic.nsf/cc52605f7c156e7a8925672a0060a91b/d6483c3dba9cad1889257774000af210?OpenDocument>

Please also note that yesterday, August 4, the State added a note to the online posting listed above that addresses document extension issues that some people were experiencing. Specifically, the note reads:

*8/4/10 – The attachments to RFP 2010-0200-9388 included Microsoft Word (Exhibits A-D and identifiable by the ".docx" extension) and Excel 2007 (Exhibits E and F and identifiable by the ".xlsx" extension) documents that have been difficult to open while using Internet Explorer as the web browser. People using Firefox have not had this problem. One work around is to save the file and change the extension when you save the file from ".zip" to ".doc" and then open the file.*

*Duplicate Word and Excel 2003-2007 documents have been added to the Attachments list above for those having problems opening the previously posted documents.*
