

SALARY SCHEDULES BY BU/LOCATION
Effective 7/1/2013 (Updated 4/7/2014)

Code - Three character location indicator entered on the 10 and 62 screens.

Description - Full name of the town (work site).

Unit Schedule - The units are listed across the top of the table with the salary schedule for each location listed below.

Each unit has its own salary schedules.

Schedules are identified by three characters: three numbers like 100; three letters like NAA, or a combination like 1EE.

The first character is the class designation (see AS 23.40.200). The next two characters represent the level of geographic differential.

A leading pound sign means there are multiple class designations within that unit. For units GG, GP, or LL it represents 1 or 2 while for unit SS it represents 1 or 5 (Class 1), and 2 or 6 (Class 2/3). Division of Personnel makes class determinations for represented unit positions.

Examples:

The salary schedule to use for Anchor Point for the PSEA (AA) unit is schedule 100. This is the base schedule.

The salary schedule to use for Barrow for the Labor, Trades & Craft (LL) is #JJ. This salary schedule is 9 steps above the base schedule #00.

Unit Designations

AA, AP = PSEA

SS = APEA

GG, GP, GY, GZ = ASEA

GC = ACOA

KK = CEA

LL = LTC

EE = EXCLUDED

XA = AK AEROSPACE CORP.

XE = EXECUTIVE

XL = LEGISLATIVE

XJ = JUDICIAL
