SECTION I
INTRODUCTION

INTRODUCTION

The State-wide Cost Allocation Plan (SWCAP) for indirect services provided by central services agencies of the State of Alaska for fiscal year 2011 is based on actual data incurred during the fiscal year ended June 30, 2009 (FY 2009). The Plan was prepared by MAXIMUS, Inc. at the request of the Department of Administration, State of Alaska.

The U.S. Office of Management and Budget issued OMB Circular A-87 (2 CFR Part 225), which defines allowable expenditures for Federal grants. The Circular establishes procedures for recovering both direct and indirect costs of programs. The Circular requires that a state wishing to claim indirect costs as charges against Federal grants, prepare an annual SWCAP and submit the Plan for approval to a designated Federal department for review and approval.

This SWCAP, based on actual data incurred during the fiscal year ended June 30, 2009, should be fixed and used on all indirect cost proposals for Federal programs during the State's fiscal year ending June 30, 2011 (FY 2011).

The SWCAP is formatted as follows:

- Certificate of Cost Allocation Plan** - a certification by an authorized official that the SWCAP has been prepared in accordance with applicable policies and procedures of OMB Circular A-87 (2 CFR Part 225).
- Organization Chart** - a current State of Alaska organization chart.
- FY 2011 Fixed Costs** - schedule which summarizes fixed costs for each State agency.
- Cost Allocation Plan** - detailed analysis and allocation of central services agencies based on FY 2009 data.
- Supporting Documentation** – supporting spreadsheets and financial statements from the Alaska Statewide Accounting System (AKSAS).

CERTIFICATION BY AN

AGENCY OFFICIAL

**STATE OF ALASKA
STATEWIDE COST ALLOCATION PLAN
CERTIFICATE OF COST ALLOCATION PLAN**

This is to certify that I have reviewed the cost allocation plan submitted herewith and to the best of my knowledge and belief:

- (1) All costs included in the FY 2011 Statewide Cost Allocation Plan to establish cost allocations or billings for the fiscal year beginning July 1, 2010 and ending June 30, 2011 are allowable in accordance with the requirements of OMB Circular A-87 (2 CFR Part 225), "*Cost Principles for State and Local Governments*," and the Federal award(s) to which they apply. Unallowable costs have been adjusted for in allocating costs as indicated in the cost allocation plan.
- (2) All costs included in this proposal are properly allocable to Federal awards on the basis of a beneficial or causal relationship between the expenses incurred and the awards to which they are allocated in accordance with applicable requirements. Further, the same costs that have been treated as indirect costs have not been claimed as direct costs. Similar types of costs have been accounted for consistently.

I declare that the foregoing is true and correct.

The commissioner and the department conduct management and research functions necessary to support this mission.

The Boards of Fisheries and Game are responsible for adopting regulations to conserve and develop the state's fish and wildlife resources. Dear Ms. Garnero:

A copy of a Negotiation Agreement approving the central service cost allocation plan for the fiscal year ending June 30, 2011 is attached. This Agreement reflects an understanding reached between your organization and a member of my staff concerning the central service costs that may be included as indirect costs in your departments and agencies that have Federal grants and/or contracts. Please have the Agreement signed by a duly authorized representative of your organization and return it to me BY FAX, retaining the copy for your files. We will reproduce and distribute the Agreement to the appropriate awarding organizations of the Federal government for their use.

Our review included the University of Alaska (UA) share of the interest costs incurred by the State to service the Higher Education Facility General Obligation Bonds. It was determined that the UA share of the interest costs was \$2,073,396 for the fiscal year ending June 30, 2009.

During our review of the central service cost allocation plan, we identified excess fund balances for the following service areas of the Information Services Fund:

Computer Services - Batch, ADABAS, CICS, Disk, Consulting Services, and Task Order

Telecommunication Services - Paging

We did not request a refund for the excess fund balances because State representatives indicated that the billing rates were reduced for fiscal years 2010 and 2011. However, State representatives agreed that if the excess fund balances are not eliminated by fiscal year ending June 30, 2012, a refund will be made to the Federal government for its share of the excesses at that time.

Please indicate your concurrence with the above agreement by counter-signing this letter and returning it to me.

A cost allocation plan proposal together with supporting information are required to substantiate your claim for costs under grants and contracts awarded by the Federal government. Thus, your next proposal based on actual costs for your fiscal year ending 06/30/10, is due in our office by 12/31/10.

Sincerely,

Wallace Chan
