Flexible Time Agreement for Confidential Employees Association (CEA) Bargaining Unit

Name:

Employee ID:

Start Date:

End Date:

Describe the conditions that necessitate the need for this employee to work excessive hours:

1. During any week in which Flex Time is earned, the employee must work in excess of 45 hours. When the employee has worked a work week in excess of 45 hours, s/he will be provided with Flex Time in 0.25 hour increments for the time worked over 42 hours. Periods of time less than 0.25 hour will only be rounded down.
2. Flex Time credits may accumulate to a maximum of two hundred (200) hours.
3. Personal Leave used during a Flexible Time Plan work week will not be credited as productive time. Whether taken or floated, holidays will be treated as productive time only toward the 40 hour work week. Flex Time cannot be earned for non-productive hours. Non-productive hours spent in travel status are not credited towards the Flex Time threshold; however, hours of work in travel status would count as productive time under a Flex Time Agreement.

I agree to and understand the statements above:
