

State of Alaska Workforce Profile Fiscal Year 2008

Revised 04-02-2009

Introduction

Dear Colleagues:

We are pleased to provide this year's Annual Workforce Profile for the State of Alaska. This publication is designed to assist leaders, executives, managers, and human resource professionals in developing and implementing workforce forecasting and planning for their departments. Included in the current profile are data and graphs representing demographics such as age and ethnicity distribution, average salaries and employee counts. We have also included information by bargaining unit. These statistics are current as of June 30, 2008.

As always, the data in this report includes all Executive Branch employees with permanent, probationary and provisional status in the classified service as well as partially exempt and exempt employees. Excluded from this report are executive branch employees with nonpermanent, temporary and emergency status, and employees of the National Guard, Alaska Railroad Corporation and Alaska Housing Finance Corporation. Additionally, this report does not contain information about employees of the University of Alaska or the legislative and judicial branches of the State of Alaska.

We welcome your feedback and are ready to assist you with your workforce analysis needs. Contact your agency human resource management consultants or the Employee Planning and Information Center team for assistance in your workforce planning efforts.

Nicki Neal
Director, Division of Personnel and Labor Relations
