Effective January 1, 2020, eligible AlaskaCare retirees will have a choice between the current dental plan (standard plan) and the dental plan in place prior to 2014 (legacy plan) as part of their Dental, Vision, and Audio (DVA) coverage. You can choose the plan that works best for you and your family for the upcoming benefit year.

The Division of Retirement and Benefits will host a retiree DVA plan open enrollment period from October 16 through December 13, 2019.

Open enrollment was originally set to end November 27. We know this process is new, so we expanded the enrollment window to give you more time to consider your options and make your choice! We want you to make an informed decision and choose the option that best meets your needs.

This enrollment guide contains information about your choices, and instructions for participating in open enrollment. It is designed to answer questions about your options and how to enroll.

Open enrollment is a four-step process:

1. Learn: Learn about the open enrollment process
2. Verify: Verify your eligibility to participate in open enrollment
3. Compare: Compare your options for dental benefits in the DVA plans
4. Enroll: Enroll in the plan of your choice

Frequently Asked Questions

What are some of the differences between the standard plan benefits and the legacy plan benefits?

**Standard Plan**
- Features an additional dental network with deeper discounts that save you more money when you use a network dentist. This allows you to receive coverage for more services before you reach your annual benefit maximum.
- Supports evidence-based coverage limitations, including those developed by the American Dental Association, such as frequency and age limitations for exams, cleanings, and periodontal maintenance.
- Pays less if you visit an out-of-network dentist.
- Has lower premiums.

**Legacy Plan**
- Does not have pre-determined frequency or age limitations on most services.
- Features a wide dental network that saves you money when you use a network dentist.
- Pays out-of-network dentists at a higher rate.
- Has higher premiums.

Some dental procedures fall into different service classes, depending on which plan you elect. If you would like to know how a specific service would be covered under each plan, call Delta Dental of Alaska at (855) 718-1768.

Please consult the AlaskaCare Retiree DVA Plan: 2020 Dental Benefit Comparison for more details about the differences between the plans. The AlaskaCare Retiree Insurance Information Booklets will contain the complete benefit provisions for both the standard and legacy dental plans.

What are some of the similarities between the standard plan benefits and the legacy plan benefits?

- Both plans have the same annual benefit maximum: $2,000.
- Both plans provide coverage for dental preventive, restorative, and prosthetic services.
- Both plans have the same coinsurance levels:
  - Class I (Preventive): 100%
  - Class II (Restorative): 80%
  - Class III (Prosthetic): 50%
- Both plans have the same annual deductible: $50 per individual (Class II and III Services).
- Both plans are fully funded by member premiums.
- Vision and audio benefits are the same.

Can I see any dentist?

Yes, both the standard plan and the legacy plan let you see any licensed dentist you want. Both plans give you access to a wide network of dental providers that will save you money. If you choose the legacy plan and see an out-of-network provider, the plan will cover a greater portion of the charges so you may pay less for out-of-network services. If you choose the standard plan, you have access to an additional network of providers that offer deeper discounts, saving you more money, but you may pay more if you use out-of-network dentists.

Remember, if you use an out-of-network dentist, you may receive additional bills for charges that the plan will not cover.

Why are monthly premiums different for the two plans?

The dental plan monthly premiums are set to reflect the overall value of each plan across all enrolled members. The value of each plan varies based on differences in benefit design, network access, and how much the plan pays out-of-network providers. The rates are not impacted by how many people elect one plan or the other.
Do I need to participate in the DVA Open Enrollment?

We encourage all eligible AlaskaCare retirees to review the plan options and participate in open enrollment.

If I have dental services scheduled before the end of 2019 will this impact my benefits?

The benefit election you make during open enrollment will become effective January 1, 2020. This means that the coverage you have today will still apply through December 31, 2019, including any claims for services provided before the end of 2019. If you are not currently enrolled in the DVA plan but are eligible to do so during open enrollment, your coverage under the plan does not take effect until the new benefit year beginning January 1, 2020.

Can I change my plan next year?

You will be able to change your dental plan during the open enrollment period for as long as the State offers two dental plans. Outside of the open enrollment period, you will not be able to make changes to your selections unless you have a qualifying life event or would like to decrease your coverage. You may decrease your coverage at any time by contacting the Division.

We encourage all eligible AlaskaCare retirees to review the plan options and participate in open enrollment.

Will I get a new ID card?

Yes, you should expect to receive a new dental benefit ID card in early January 2020. You can continue to use your current card until your new card arrives, even if you changed dental plans.

I am currently enrolled in the DVA plan with coverage for myself and my dependent spouse. Can I choose the legacy plan, and can my spouse choose the standard plan?

No, a retiree may only select one plan for themselves and any covered dependents. However, if you and your spouse each have a separate AlaskaCare DVA policy, you may select different plans and cover each other as dependents.

I don’t currently have DVA coverage but am eligible to enroll during the upcoming open enrollment period. Will I have another opportunity to enroll?

If you retired on or after January 1, 2014 and did not elect DVA coverage at the time of retirement, or you disenrolled from DVA coverage on or after January 1, 2014, the fall 2019 open enrollment is a one-time opportunity for you to enroll in DVA coverage. If you elect coverage during this year’s open enrollment, you can change your coverage options at every open enrollment going forward.

Key Terms

- **Deductible** is the amount you pay each benefit year before a portion of your costs are paid by the dental plan. The deductible for both the standard and legacy retiree dental plans is $50 for class II and III services.

- **Coinsurance** is the percent of covered expenses paid by AlaskaCare once you meet your deductible. Coinsurance levels vary depending on the class of service.

- **Annual Benefit Maximum** is the total amount that the plan will pay for dental services you receive during that benefit year. The annual maximum for both the standard and legacy retiree dental plans is $2,000.
