Subject: Travel

We are having to travel to Seattle for medical treatment for our son. When I talked to Aetna about travel authorization I was told that only the airline costs for my son and me may be covered. Lodging, local transportation and meal cost are not covered. Why is that? Lodging, local transportation and meal costs are all part of the travel expenses.

Please pass my concern along to the AlaskaCare Retiree modernization committee too.

Thank you,

Ric Plate

Subject: No response to Social Security (IRMAA) letters

I have supplied my Social Security Letter informing me of a monthly charge of \$70.90 for you enrolling me in Medicare Plan D Pharmacy. I supplied this letter via fax on December 4, 2018, via letters on March 13 and 29, 2019. To date I have had no response. Please respond.
