Alaska Statute AS 39.35.150: If a retiree subsequently becomes an active member, no benefit payments will be made during the period of reemployment. During the period of reemployment, deductions from the employee's salary will be made in accordance with AS 39.35.160.

- Members are required to pay back the benefits they receive while simultaneously earning PERS credit. This amount must be paid in full before you retire again.
- When you retire again, your first retirement benefit will be restarted once we receive notification that you have terminated employment. You must apply for the additional pension amount earned during this second period of employment. This additional pension will be calculated based on the service and salaries earned during your reemployment period.
- If you retired under a Retirement Incentive Program (RIP) and returned to work in a position that is covered by the PERS, you will forfeit the three years of incentive credit you received when you retire again. Please contact the Division of Retirement and Benefits to confirm your status for reemployment.
- If you are participating in the Long-Term Care (LTC) program, you must pay these premiums in order to continue coverage during your period of reemployment. If you do not pay the premiums, you will not be eligible for LTC when you retire again.
- If you have been receiving major medical insurance benefits paid by the State of Alaska Public Employees' Retirement System, or if you have been paying for major medical insurance, your coverage under the AlaskaCare Retiree Health Plan will end on the last day of the month in which you become reemployed. However, if you are reemployed on the first day of a month, your coverage will end on the last day of the previous month.
- If you are participating in the Dental-Vision-Audio (DVA) program, your DVA coverage will end on the last day of the month in which you become reemployed. Once you retire again, you will have the opportunity to select continuation of DVA coverage.

**Certification:** I understand that under the Standard Option, my retirement benefit will be suspended until I terminate employment. I understand I will have to repay any overpayment of retirement benefits paid to me while I was in employment status. I understand I will accrue Public Employees' Retirement System (PERS) service credit and **I must apply** to the Division of Retirement and Benefits for any additional retirement benefits based on the reemployment period.
