Investment Options

Historical Average Annual Total Rates of Return for the month ending September 30, 2009.

Current performance may be lower or higher than performance data shown. Performance data quoted represents past performance and is not a guarantee or prediction of future investment results. The investment return and principal value of an investment will fluctuate so that, when redeemed, shares/units may be worth more or less than their original cost.

Please consider the investment objectives, risks, fees, and expenses carefully before investing. For this and other important information you may obtain mutual fund prospectuses (for the Brandes Inst'l Int'l Equity Fund and the State Street Inst'l Treasury Money Market) and Investment Option Detail Sheets (for the remaining investment options). Prospectuses and Investment Option Detail Sheets can be obtained on the Division's Website at www.state.ak.us/dr/b, from your registered representative, or from the Division of Retirement and Benefits at 1-907-465-4460 or toll-free at 1-800-821-2251. Read them carefully before investing.

An investment in a money market fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the fund seeks to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in the Fund.

Higher Risk/Higher Return Potential

Risk versus Potential Return

As a whole, the options available to you fall on the Risk Spectrum—low risk to high risk—as follows:

Generally, the greater an investment's potential return over time, the greater its level of short-term price volatility, or risk. When assessing risk, a short-term investment fund would typically appear on the very low end of the risk/return scale. A very aggressive growth fund might be depicted at the very high end of the scale. The chart to the right shows the relative position of each investment option on the risk/return scale.

Important Information About Your Plan

KeyTalk® Contacts

You have round-the-clock **automated access** to information and transactions **with your Personal Identification Number¹⁵ (PIN)** (or a Client Service Representative between 5:00 a.m. and 5:30 p.m. Alaska Time, Monday through Friday) by using the KeyTalk number below.¹⁶

1-800-232-0859

Important Note

If you call KeyTalk to make changes to your account, **please** stay on the line until you hear your confirmation number. Write this number down and keep it on file for future reference. **If you hang up before you hear your confirmation number**, your transaction request **may or may not** (due to phone transmissions or computer delays) have been recorded for processing. Also, you will receive a written confirmation of your transaction in the mail. It is **important** for you to review this document for accuracy **as soon as you receive it**.

There are two major types of changes you can make to your account:

- 1) Transferring your existing assets among funds¹⁶, and
- 2) Changing how your **future** contributions are allocated.

Please make sure you have selected the transaction that accomplishes the changes you would like to make.

Internet Access

You have access through the Internet to receive information

about your account and to conduct investment option related action.¹⁶ **You must have a PIN to access the information.**¹⁵

- 1) Go to the Division of Retirement and Benefits website, **www.state.ak.us/dr.b**.
- 2) Under "Programs," select "Supplemental Annuity Plan"
- 3) At the Supplemental Annuity Plan home page, select "Account Information Online."

Transfers

If you place a transfer on a business day **at or before 12:00 p.m. Alaska Time**, you will receive that day's closing "sell" price per unit (Transfer-out \$'s) and that day's closing "purchase" price per unit (Transfer-in \$'s). This applies whether you place the transfer through KeyTalk, a Client Service Representative, or the Division of Retirement and Benefits' website.¹⁶

Your transfer must be completed at or before 12:00 p.m. Alaska Time.

The transfer confirmation must take place at or before 12:00 p.m. Alaska Time. Transfers that are started at or before 12:00 p.m. Alaska Time, but are **not completed** at or before 12:00 p.m. Alaska Time, will be processed the **next** business day.

It can take up to five minutes, or more, to complete a transfer. Please do not try to time your transfer just before the deadline hoping that it will finish in a minute or two. **Phone delays, internet delays, and heavy volume can interfere with completing a transfer. Please take possible delays into account.**

Important Information About Your Plan

Administrative Expenses

Expenses are charged to your account in order to cover the cost of administration of the plan. There are two types of fees:

Monthly — 0.162% annual rate on assets (0.00162 / 12 x month-end asset balance) — These charges will be assessed to your individual accounts against all investment options in both the employee and employer accounts. The fee is calculated on the prior month's ending balance and is assessed in the first week of the month.

Annual – \$35 – for actively contributing participants, \$25 – for noncontributing members. These charges will be assessed after the first payroll contribution has been processed each new year. The charges are applied proportionally against all investment options in both the employee and employer accounts. For State of Alaska employees, this will occur in January. For political subdivision employees this will occur in February.

1. Specialty funds invest in a limited number of companies and are generally non-diversified. As a result, changes in market value of a single issuer could cause greater volatility than with a more diversified fund.

2. An index is not professionally managed, does not have a defined investment objective, and does not incur fees or expenses. Therefore, performance of an index fund will generally be less than its benchmark index. You cannot invest directly in an index.

4. Foreign investments involve special risks, including currency fluctuations, economic and political instability, and differences in accounting standards.

5. Equity securities of companies with relatively small market capitalization may be more volatile than securities of larger, more established companies.

6. The benchmark used for comparison with the SSgA Global Balanced Fund is a combination of 60% MSCI ACWI Index, 30% BarCap US Aggregate Bond Index, and 10% Citigroup World Government Bond ex-US Index.

7. The Alaska Balanced Trust and Alaska Long-Term Balanced Trust are not mutual funds. They are common trusts established by T. Rowe Price Trust Company under Maryland banking law, and their units are exempt from registration under the Securities Exchange Act of 1933. Investments in the trusts are not deposits of, or guaranteed by, the U.S. government or its agencies or T. Rowe Price Trust Company and are subject to investment risks, including loss of principal.

8. U.S. Treasury securities are guaranteed as to the timely payment of principal and interest if held to maturity. Fund shares are neither issued nor guaranteed by the U.S. Government.

9. A bond fund's yield, share price and total return change daily and are based on changes in interest rates, market conditions, economic and political news and the quality and maturity of its investments. In general bond prices fall when interest rates rise, and vice versa.

10. For 10 Years or Since Inception, if the investment option has not been in existence for 10 years, returns shown are since inception.

11. The investment management fees for the S&P 500 Stock Index Fund, vary based on total assets of all participants in each fund. These fees include custodial expenses of approximately .05%.

12. Returns of the Alaska Long-Term Balanced Trust and the Alaska Balanced Trust cannot be directly compared to any one index. To the custom balanced benchmark returns previously calculated by State Street Bank, we have linked a custom return now calculated by T. Rowe Price Associates. The benchmark return consists of each underlying Fund's benchmark, weighted according to the "strategic" weight as set forth in the current guidelines for the **Alaska Long-Term Balanced Trust**: 27% Barclays Capital. Govt./Credit Index, 12% Barclays Capital. GNMA Index, 1% 90-day Treasury bills, 51% S&P 500 Index, 5% Russell 2500 Index, and 4% MSCI EAFE Index. For the **Alaska Balanced Trust**: 44% Barclays Capital. Govt./Credit Index, 19% Barclays Capital. GNMA Index, 2% 90-day Treasury bills, 30% S&P 500 Index, 3% Russell 2500 Index, and 2% MSCI EAFE Index.

13. An actively-managed fund is one in which the fund manager buys, holds and

sells a portfolio of stocks and/or bonds which are consistent with the fund's stated investment objective. Using a variety of methods, the active fund manager attempts to select funds that will outperform the market.

14. To be passively managed means to buy and hold a well-diversified portfolio of securities. Passive managers buy a portfolio of securities that comprise a market index while active managers select specific securities to attempt to outperform an index.

15. The account owner is responsible for keeping the assigned PIN confidential. Please contact Great-West Retirement Services immediately if you suspect any unauthorized use.

16. Access to KeyTalk and the Web site may be limited or unavailable during periods of peak demand, market volatility, systems upgrades/maintenance, or other reasons. Transfer requests made via the Web site or KeyTalk received on business days prior to close of the New York Stock Exchange (12:00 p.m. Alaska Time or earlier on some holidays or other special circumstances) will be initiated at the close of business the same day the request was received. The actual effective date of your transaction may vary depending on the investment option selected.

17. The maximum Investment Management and Custody Fees for the Stable Value Fund are 0.20%. These fees are accrued daily and decline incrementally as the Fund's assets increase.

18. The investment management fees for the Russell 3000, US Real Estate Investment Trust Index, World Equity ex-US Index, US Long Treasury Index, IS Treasury Inflation Protected Securities Index, and the World Government Bond ex-US Index vary based on total assets of all participants in each fund.

19. The Alaska Target Retirement Trusts are not mutual funds. They are common trust funds established by T. Rowe Price Trust Company under Maryland banking law, and their units are exempt from registration under the Securities Exchange Act of 1933. Investments in the Trusts are not deposits of, or guaranteed by, the U.S. government or its agencies or T. Rowe Price Trust Company and are subject to investment risks, including possible loss of principal. They invest in other common trust funds, such as the Alaska Large-Cap Trust, according to their respective investment guidelines. Investment option detail sheets are available on the website at www.state.ak.us/drj and contain detailed information pertaining to the investment mix of each of the Trusts available as investment options.
