Alaska Oil and Gas Conservation Commission
333 West 7th Avenue, Suite 100
Anchorage, Alaska 99501

**Re: Proposed regulations on hydraulic fracturing and workover operations –
20 AAC §§ 25.280, 25.283, and 25.990**

To Whom This Concerns:

Today, via electronic submission online, several organizations including Earthjustice, Natural Resources Defense Council, and The Wilderness Society provided comments on the Alaska Oil and Gas Conservation Commission's proposed changes to Title 20, Chapter 25 of the Alaska Administrative Code. The proposed regulations address hydraulic fracturing.

As noted in our comments, we are submitting twenty-nine (29) additional documents that are cited therein. Please find attached to this letter one hardcopy set of the supporting documents, as well as an electronic set on CD.

Each of the attached documents, in its entirety, should be included in the administrative record for the proposed hydraulic fracturing regulations and carefully reviewed by the Commission.

If you have any questions about the attached materials, please do not hesitate to contact me. Your consideration of our comments and accompanying documentation is greatly appreciated.

Sincerely,

Colin C. O'Brien
