RE: PBU 13-32A (PTD 201-235) Request for Administrative Approval

Dear Mr. Rossberg:

Per Rule 9 of Area Injection Order 004C.000, the Alaska Oil and Gas Conservation Commission (“AOGCC” or “Commission”) hereby grants BP Exploration (Alaska) Inc. (“BPXA”)’s November 17, 2005 request for administrative approval to inject water in the subject well.

AOGCC finds that BPXA has elected to perform no corrective action at this time on PBU 13-32A. The Commission further finds that, based upon reported results of BPXA’s diagnostic procedures, PBU 13-32A exhibits two competent barriers to release of well pressure. Accordingly, the Commission believes that the well’s condition does not compromise overall well integrity so as to threaten the environment or human safety.

AOGCC’s administrative approval to inject water in PBU 13-32A is conditioned upon the following:

1. BPXA shall record wellhead pressures and injection rate daily;
2. BPXA shall submit to the AOGCC a monthly report of well pressures and injection rates;
3. BPXA shall perform an annual MIT - OA to 1.2 times the maximum anticipated well pressure;
4. BPXA shall perform an annual CMIT - T x IA to 1.2 times the maximum anticipated well pressure;
5. BPXA shall limit the well's OA pressure to 1000 psi;

6. BPXA shall immediately shut in the well and notify the AOGCC if there is any change in the well's mechanical condition; and
7. after well shut in due to a change in the well's mechanical condition, AOGCC approval shall be required to restart injection.

As provided in AS 31.05.080, within 20 days after written notice of this decision, or such further time as the Commission grants for good cause shown, a person affected by it may file with the Commission an application for rehearing. A request for rehearing is considered timely if it is received by 4:30 PM on the 23rd day following the date of this letter, or the next working day if the 23rd day falls on a holiday or weekend. A person may not appeal a Commission decision to Superior Court unless rehearing has been requested.

DONE at Anchorage, Alaska and dated December 13, 2005.
