

**Data Communications Equipment
and Services
Non-Mandatory for State Agencies
Available to Political Subdivisions**

The NASPO ValuePoint leverages its buying power allowing it to offer exceptional pricing for participating states and their political subdivisions. Alaska is an active member of NASPO ValuePoint.

To use a NASPO ValuePoint contract, the state must sign a Participating Addendum (PA). If the state has not signed a Participating Addendum for one of the vendors listed in the table below and you would like to do business with that vendor, please notify the contracting officer listed below.

NASPO ValuePoint has multiple non-mandatory contracts with qualified data communications product manufacturers who will supply data communications equipment including OEM parts, maintenance, and training for qualified NASPO ValuePoint contract purchases. The following is a list of the vendors under contract and if a PA signed with Alaska.
