THE HONORABLE BILL WALKER  
GOVERNOR OF THE STATE OF ALASKA

MEMBERS OF THE ALASKA STATE LEGISLATURE

Ladies and Gentlemen:

We are pleased to submit the Forty third Annual Report of the Violent Crimes Compensation Board for the period July 1, 2015 through June 30, 2016. This annual report is submitted to meet the requirements of Alaska Statute 18.67.170 and to highlight the efforts of the Administration, the members of the Twenty-Ninth Legislature, law enforcement, public and private persons and agencies, and the Violent Crimes Compensation Board in helping innocent victims of violent crimes to pick up the pieces. While monetary compensation for losses does not make whole lives torn by violence, financial help does lessen the burden and can provide hope. The Violent Crimes Compensation Board and staff are thankful for the opportunity to serve the people of Alaska.

It is with much sadness that we have to report that one of our Board members, Dr. George Brown, passed away in December 2016. We greatly appreciate his service over the past 2 years and will miss his compassion, his wisdom and his good humor.

Respectfully,

The Violent Crimes Compensation Board

The total number of applications approved and paid out usually does not equal the number of new applications received. For example, claims received in the latter part of the fiscal year FY16 may not be reviewed or approved until July or August 2016 (the first few months of FY17) and therefore would be included in next year's report. Award payments may in some cases extend over several years, so that payments may have been made in FY16 for claims which were originally received in FY15 or earlier.

## **PROGRAM OVERVIEW**

Victims of criminal violence may suffer physical injury, emotional and mental trauma and financial loss. For many victims and their families, the aftermath of crime can be a painful, difficult time, compounded by worry over whether income lost due to injury will affect the victim's capacity to pay for other essential living expenses. When a family member is killed, relatives not only have to deal with their grief, they may also face unexpected funeral bills and perhaps have to find some way to support dependents of the deceased victim.

The Violent Crimes Compensation Board (VCCB) was established by state law in 1972 to help mitigate the financial hardships innocent victims can suffer as a direct result of violent crime. As a key element in the recovery process, the VCCB endeavors to provide timely financial help to victims in need and can help play an important role in helping victims recover from the trauma and economic burden of criminal victimization.

The VCCB can help with a variety of expenses. The VCCB may compensate uninsured medical expenses, counseling costs, lost income, lost support, funeral expenses and/or other reasonable expenses and losses sustained by innocent victims of violent crimes in Alaska.

The Board provides for the payment of pecuniary loss to dependents of deceased victims and may award the full compensation available by statute to victims who are permanently disabled as a direct result of the crime. The program is a payer of "last resort: which means that compensation can only be awarded for expenses not covered by a collateral source such as medical and automobile insurance, Medicaid, Medicare and worker's compensation.

**During FY2016 the Board received 861 new claims and paid out a total of \$1,731,149.19**

### **Some comments received from claimants assisted by the Board in 2016**

"...Thank you from the bottom of my heart for all you've done and continue to do for me and others affected by violent crime. You truly shine a bright hopeful light in a time of darkness..."

"The work that the VCCB does is really life changing by providing this support..."

"The generosity of the board members has made a significant positive difference in the life of (our) family."

"....I have been violence free for almost 2 years....My life is so different now and I appreciate every amount of support I received from everyone."

## **WHO IS HELPED BY THE VCCB?**

The VCCB attempts to mitigate the financial and emotional toll violent crime causes Alaskans and visitors to Alaska. The VCCB addresses the needs of innocent victims of violent crimes, the families of victims, and others who, by virtue of their relationship to a victim, incur direct losses. The Board considers applications (requests for compensation) based on violent crimes including homicide, assault in any degree, sexual assault, child abuse (both sexual and physical), robbery, kidnapping, crashes involving intoxicated drivers (vehicles, boats, and airplanes), vehicular incidents in which a vehicle has been used as a weapon, terrorism, and trafficking in persons. The Board does not compensate loss or damage to personal property except in extreme circumstances where the safety of a victim could be in jeopardy. In those instances, the Board may replace locks and doors, pay for emergency cell phone or mail box service, and/or pay for security system costs. The Board can also pay to replace medical items such as eyeglasses that are broken in the course of a violent crime.

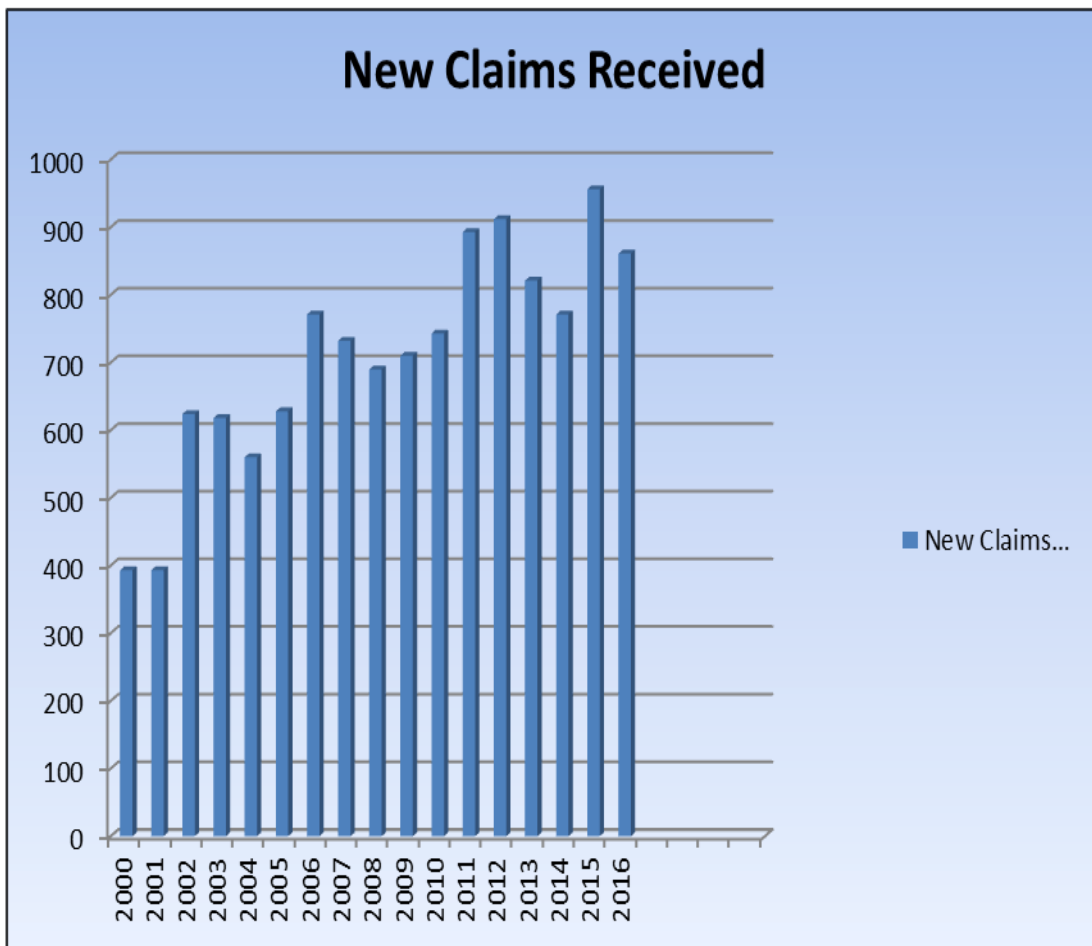

The families of homicide and manslaughter victims can receive compensation through the program for funeral expenses, lost support, and other compensable expenses. Immediate family members may submit copies of transportation and funeral cost receipts to the Board for consideration of reimbursement. Family members may seek the payment of counseling costs too. The Board is financially unable to make any "pain and suffering" awards.

Persons who by virtue of their relationship to the victim have incurred reasonable expenses may also apply for compensation. The Board considers equally claims from Alaskan residents and visitors to Alaska victimized in Alaska. Alaskan residents who are victimized in another state should apply to the compensation program in the state where the crime occurred. All 50 states plus the District of Columbia, the Virgin Islands, Puerto Rico and Guam, offer crime victim compensation.

## NEW CLAIMS IN 2016

The number of applications for crime victim compensation fluctuates from year to year. However, a graph showing claims received from 2000 onwards does show an overall upward trend.

The Board receives applications for compensation from all regions of the state. The following table shows the number of new applications received during the reporting period by location:

## VIOLENT CRIMES COMPENSATION BOARD AWARDS – 2016

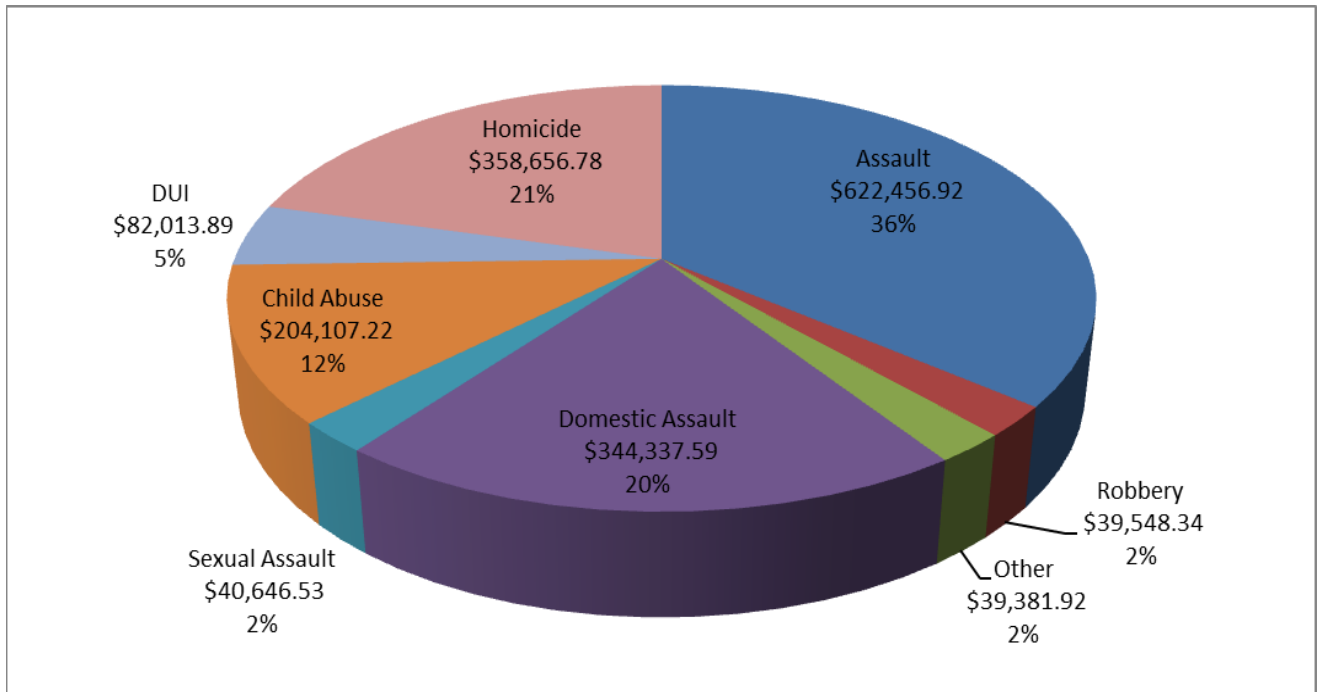

### TRENDS 2016

The statistics for 2016 follow a very similar pattern to 2015. Child abuse was the single largest category of new claims at 36%. Domestic violence was the second largest category at 17%, and sexual assault claims rose slightly to be the third largest category at 15%, followed by assault at 13% of the total. Although calendar year 2016 has seen an increase in homicides in Anchorage, this did not appear to significantly impact the overall total of homicide claims received in fiscal year 2016, with a rise of only 1% (from 10% of total claims received in 2015 to 11% of total claims in 2016)

## VIOLENT CRIMES COMPENSATION BOARD AWARDS – 2016

### Funds Awarded by Type of Crime

Although child abuse is the largest single category of claim type, only 12% of overall compensation was awarded in respect of that crime. That is largely due to the fact that most payments for child abuse claims are for mental health counseling, rather than for physical injuries. It is the categories of assault and domestic assault that tend to have higher payments due to uninsured medical expenses. Homicide claims may also result in relatively high compensation due to the Board's policy of paying loss of support to dependents of homicide victims. This is demonstrated in the next diagram, showing payments by type of expense.

## Funds Awarded by Type of Expense

Note: "Awarded claims" include reconsiderations of pre-existing claims and new claims

## **NEGOTIATED SETTLEMENTS**

During 2016, the Violent Crimes Compensation Board continued practices designed to ensure the maximization of limited resources through receipt of restitution, subrogation, and settlement agreements.

The purpose of settlement negotiations with hospital providers is two-fold. First, negotiating settlements helps reduce the number of victims who may end up with poor credit records as a result of medical bills being transferred to collection agencies. In addition, garnering agreements with providers to accept partial payments as payment in full stretches the Board's limited resources to serve more victims and claimants eligible for compensation under Alaskan law.

During FY16, Board staff successfully negotiated 73 hospital bills (97% of attempted negotiated settlements) for a total savings of \$770,083.13

	<b>Amount of savings</b>
2009	\$461,382.94
2010	\$619,211.08
2011	\$381,291.22
2012	\$384,444.88
2013	\$457,241.93
2014	\$1,997,751.33 <sup>1</sup>
2015	\$820,486.33
2016	\$770,083.13

<sup>1</sup> Numbers skewed because of a small number of cases where the total medical bills were in excess of \$500,000.00

## FUNDING AND EXPENDITURES

The State's violent crimes compensation program is funded through both state and federal funds. Approximately 62% of the amount awarded annually in compensation comes from a legislative appropriation of state funds. These state funds are currently available because Permanent Fund dividends are withheld from certain persons convicted of crimes in Alaskan courts and earmarked for use by victim-focused programs such as the crime victim compensation program.

In 1984, the federal Victims of Crime Act established a Crime Victims Fund. This Fund is used to support both State crime victim compensation programs and State victim assistance programs. Funds are made available annually to state crime victim compensation programs by way of a formula grant program. Alaska's compensation program must qualify annually for its federal grant and has done so successfully since the federal fund's inception. Approximately 38% of the monies awarded to victims in Alaska annually come from this federal fund.

Illustration:

State Dollars paid to Victims	\$100 (62%)
Federal Grant Paid to Victims	\$60 (38%)
<hr/>	
Total Paid to Victims	\$160 (100%)

The greatest portion of the compensation program's budget serves eligible innocent victims directly. Awards are made to compensate expenses and losses. The following chart illustrates the Board's commitment to keeping administrative costs at a minimum which enables maximum compensation to victims for eligible costs. This practice makes more funds available for direct award to victims and their service providers.

**Administrative Costs**

- 1     Administrative Costs=15%**
- 2     Awards to Claimants=85%**

## **STATE CRIME VICTIM COMPENSATION FUND**

At the inception of the Violent Crimes Compensation Board, a state Crime Victim Compensation Fund was established by statute (AS 18.67.162). In September 2008 the legislature's amendment to AS 18.67 took effect, allowing "donations, recoveries of or reimbursements for awards made from the fund, income from the fund, and other program receipts from activities under this chapter" to be included in money appropriated by the legislature to the fund. The amendment also ensured that appropriations to the fund do not lapse. Restitution monies received through the Department of Law Collections Unit are also paid into the Fund. In FY16 the amount of restitution received was \$73,861.37

## **MINOR TRUSTS**

In 2007 the Board established a policy of moving monies held on behalf of minor dependents of homicide victims into interest bearing money market accounts ("minor trust accounts"). At the close of this reporting period, there were 69 active accounts established. Annual payments are generated out of these accounts and sent directly to the legal guardians of the minor child to replace the support lost when the child's parent or legal guardian became a homicide victim.

## **CLAIMS PROCESSING**

When a claim is received, minimum eligibility is determined as soon as possible. The claim must be related to one of the crimes listed by statute as compensable. The crime must have been reported to proper authorities within five days of the incident or as soon as it could reasonably have been reported. By statute, the application must have been received by the Board within two years of the incident. However, the Board has some discretion to waive the time filing requirement, if for example they are persuaded that the claimant had not been given information about the program in time. The claimant must have agreed to the state's repayment and subrogation agreement and must have given permission to the compensation program to seek and exchange necessary information.

Usually the same day an application is received, claim documentation begins and requests for information are sent to hospitals, doctors, employers, and other pertinent sources. The purpose of the information gathering process is to ensure claim compliance with all statutory requirements and to gain an understanding of the victim's needs.

Staff maintains a close liaison with relevant law enforcement agencies and District Attorney's offices throughout the claim verification process. The types of compensation which can be awarded are set out in Alaskan law (AS 18.67.110). The losses claimed must be reasonable and incurred as a direct result of the crime on which the claim is based. Other collateral sources such as Workers' Compensation, Social Security, and medical insurance are considered, as the Board awards compensation only for expenses and losses not covered through other sources.

Once the Executive Director has certified the file as complete, she reviews the claim and prepares a recommendation to the Board. All claim decisions except for emergency award requests are made at Board meetings. The Board makes the claim determination and may conclude any of the following:

- ◆ The claim cannot be fully determined yet due to incomplete documentation or information – claim is **deferred**;
- ◆ The claim is eligible for compensation either for the full or lesser amount requested claim is **awarded** (if a lesser amount is requested, the claimant has the opportunity to request a hearing);
- ◆ The claim cannot be determined due to conflicting information and advises that a hearing is required prior to a final decision – claim is sent to hearing; or
- ◆ The claim is ineligible for compensation by statute in which case the claimant is notified of the statutory basis for the denial and given information on the appeal process – claim is **denied**.
