SECTION I

INTRODUCTION

INTRODUCTION

The State-wide Cost Allocation Plan (SWCAP) for indirect services provided by central services agencies of the State of Alaska for fiscal year 2023 is based on actual data incurred during the fiscal year ended June 30, 2021 (FY 2021). The Plan was prepared by MAXIMUS Consulting Services, Inc. at the request of the Department of Administration, State of Alaska.

The U.S. Office of Management and Budget issued the OMB Uniform Guidance 2 CFR Part 200 (formerly Circular A-87), which defines allowable expenditures for Federal grants. The Uniform Guidance establishes procedures for recovering both direct and indirect costs of programs. The Uniform Guidance requires that a state wishing to claim indirect costs as charges against Federal grants, prepare an annual SWCAP and submit the Plan for approval to a designated Federal department for review and approval.

This SWCAP, based on actual data incurred during the fiscal year ended June 30, 2021, should be fixed, and used on all indirect cost proposals for Federal programs during the State's fiscal year ending June 30, 2023 (FY 2023).

The SWCAP is formatted as follows:

- ❑ **Certificate of Cost Allocation Plan** - a certification by an authorized official that the SWCAP has been prepared in accordance with applicable policies and procedures of 2 CFR Part 200.
- ❑ **Organization Chart** - a current State of Alaska organization chart.
- ❑ **Cost Allocation Agreement** – agreement signed by federal cognizant agency (DHHS) and the State of Alaska.
- ❑ **Fiscal Year 2023 Fixed Costs** - schedule which summarizes fixed costs for each State agency.

CERTIFICATE OF COST ALLOCATION PLAN

TITLE 2 OF THE CFR, PART 200 CERTIFICATE OF COST ALLOCATION PLAN

This is to certify that I have reviewed the cost allocation plan submitted herewith and to the best of my knowledge and belief:

1. All costs included in this proposal dated March 10, 2022 to establish cost allocations or billings for the fiscal year ended June 30, 2021 are allowable in accordance with the requirements of 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and the Federal award(s) to which they apply. Unallowable costs have been adjusted for in allocating costs as indicated in the cost allocation plan.
2. All costs included in this proposal are properly allocable to Federal awards on the basis of a beneficial or causal relationship between the expenses incurred and the Federal awards to which they are allocated in accordance with applicable requirements. Further, the same costs that have been treated as indirect costs have not been claimed as direct costs. Similar types of costs have been accounted for consistently.

I declare that the foregoing is true and correct.

Dear Mr. Eric Demoulin:

The negotiation agreement approving the central services cost allocation plan for the fiscal year ending 06/30/23 is enclosed. This agreement reflects an understanding reached between your organization and a member of my staff concerning the central service costs that may be included as indirect costs in your departments and agencies that have Federal grants and/or contracts.

Please have the agreement signed by an authorized representative of your organization and return within ten business days of receipt. The signed agreement can be sent to me by email or fax, while retaining the copy for your files. Only when the signed agreement is returned, will we then reproduce and distribute the agreement to the appropriate awarding organizations of the Federal Government for their use.

Our review included the University of Alaska (UA) share of the interest costs incurred by the State to service the Higher Education Facility General Obligation Bonds. Based on the review, it was determined the UA share of the interest costs was \$6,633,723 for the fiscal year ending June 30, 2021. However, during a prior year proposal review, the UA representatives informed us that an adjustment is made to the approved interest amount to identify the actual interest cost for a given fiscal year. Since UA includes the interest cost in the facilities and administrative rate proposal, we recommend the Office of Naval Research (cognizant Federal agency) review the adjustment for allowability.

Mr. E. Demoulin
