

Effective January 1, 2014, the AlaskaCare Standard Vision Plan will be eliminated and all AlaskaCare employee plan members and their families will now enjoy exclusive VSP coverage for their vision benefits.

With VSP®, you will see the lowest out-of-pocket costs and freedom of choice. See how you can save with VSP in the examples below:

Example #1*:

Michael purchases a comprehensive eye exam, polycarbonate progressive lenses with anti-reflective coating and a \$130 retail frame. The typical retail cost for these services and products in Alaska is approximately \$812.

Today, with the Standard Vision Plan, Michael would pay approximately \$462 based on the plan paying 90%, up to a maximum of \$350 for services.

Under the VSP plan, Michael would only be responsible for \$35 (\$10 exam copay and \$25 materials copay) when he uses a VSP Network Preferred Provider.

Example #2*:

Amy purchases a comprehensive eye exam, polycarbonate single vision lenses and a \$175 retail frame. The typical retail cost in Alaska is approximately \$555.

Today, with the Standard Vision Plan, Amy would pay approximately \$205 based on the plan paying 90%, up to a maximum of \$350 for services.

Under the VSP plan, Amy would only be responsible for \$71 (\$35 for the copays and \$36 for the frame over the limit. This includes the 20% frame overage discount) when she uses a VSP Network Preferred Provider.

*Comparison based on averages for comprehensive eye exams and lens options. **Please review the other side of the document for plan information. To contact Aetna, call (855) 784-8646.**

Your VSP Vision Benefits Summary
